Project 6 Results

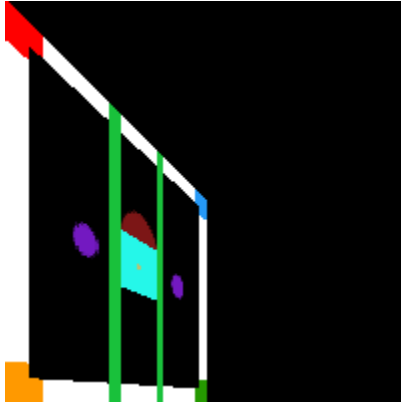

imgtest.png was used to achieve all warped images.

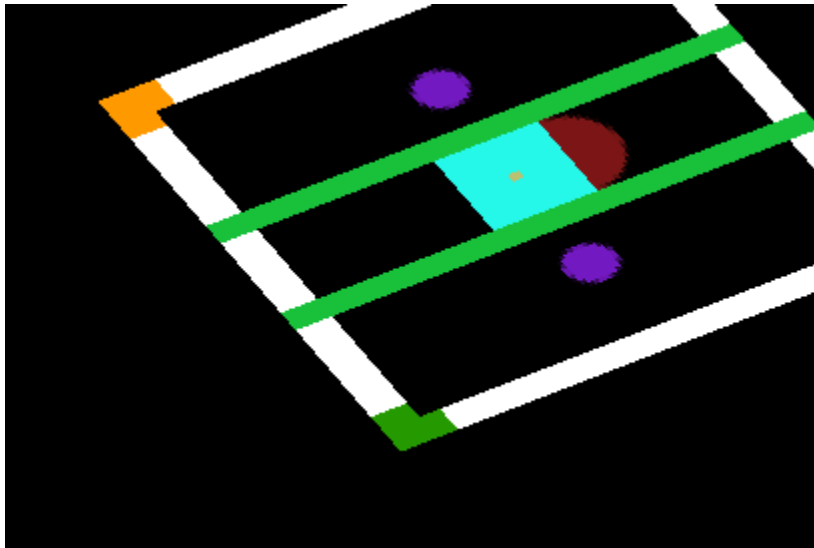

rotated 60 degrees, flipped over the y axis, and scaled by 2 on the x axis and 4 on the y axis

sheared by 2 on the x axis and 1 on the y axis and scaled by 4 on the x axis and 0.5 on the y axis.

perspective warp with 0.01 as the x factor and 0 as the y and then scaled by 2 on both axes.

rotated 300 degrees, scaled by 3 on the x axis and 2 on the y axis, and translated by 50 in both directions.
